Sitting on my bed, sounds in my head
Of a rocking band.
I can see the lights, shining so bright
Now I understand

In my dreams it's plain to see
This is what I'm born to be…….

I wanna be a rockstar and I'll rock the world.
In the loudest band there's ever been

A rockstar and I'm playing guitar
In the greatest band you've ever seen.

My axe is on fi-re
It's gonna take me high-er

A rockstar
So come and be a rockstar with me.

I can hear the crowd, shouting so loud
As they scream my name.
Now all the fans wanna touch me hand
That's the price of fame.

In my dreams it's plain to see..

(SHOUT)
Rockstar! Gonna rock the world (4 times)

Rockstar and I'll rock the world.
In the loudest band there's ever been
A rockstar and I'm playing guitar
In the greatest band you've ever seen. *(Repeat)*

My axe is on fi-re
It's gonna take me high-er

A rockstar - So come and be a rockstar with me.
Come and be a rockstar with me!
Come and be a rockstar with me!
ROCKSTAR!
