The Class of 2023-2024

What can I say about the class of '24?
Besides the fact that only 6 of you can draw?
It's been a long year, but we're almost done
Even though sometimes it feels like we've just begun

Over the last few months you've asked about this rhyme
And each time you've asked I've told you it’s not time
But now as we are here on your last night
The time to reflect and enjoy feels just right

Over the years I thought I'd met my match
Until you Edan, and your way of doing Maths!
You can take it with you when you go
Only you can work it out that way, you know

Maths, running, drawing, chess, he has it all
When he's running the country, it's Shelton we will call.
Sitting there quietly, her head in a Harry Potter book
Keavy, or Mrs Malfoy, we wish you all the luck!

Three musketeers with a sense of humour so dark,
Megan, TT & Jemima don't lose that friendship spark
You're a great trio that much is true
You'll be friends in everything that you go through

Best known for her committed and impressive fancy dress
Matilda, keep giving it all, never any less
Alter serving, and with a lovely singing voice
Jonathan we can rely on you to always make the right choice.

Hand always in the air but one of the kindest kids I know
Jozef you'll go so far, wherever you may go
She's bendy, she dances, she's a great break time buddy
Tiarna, I'm honoured to share the initials on your hoody

Joining this year, although it feels more
Evana, we were so lucky you walked through our door.
Jacob this year you've really blown us away
You've put all your effort in, each and every day

With sass levels that are off all the charts
Kene deep down we know you have a huge heart
Not far behind you, loud and with sass of her own
Angel you're so loved, you'll never be alone

She appears quiet in the back but we know she's not
Lucia, you have the darkest humour of the lot!
Brilliant with Reception and he runs wickedly fast
Harvey, look at all you've achieved, you're so loved in this class

Meant for the stage, he's going to be famous,
Cassius, always give your all and please remember us!
Dancing and with dress sense as cool as can be
You'll be so missed with your kind soul (and baking) Penny

Have we ever had a Head and Deputy Boy as good as you pair?
Sam and Imran, the school will surely miss how much you care
I'll miss you in Science... in art not so much
But make sure you both stay in touch

When she walked through the door, she was the last part
Of our Year 6 puzzle, Eliana we just wish we'd had you from the start

A beautiful singing voice and she's always talking
Julia, Hagley won't be so quiet when you walk in

Georgia, what will Bible Group do without you to lead?
What an amazing neo-natal nurse you will grow up to be!
Daisy you've worked so hard this year and it shows
I'm really excited to see where your life goes

How boring this year would have been without our Albie
I truly cannot wait to see the man you'll turn out to be
A role model, kind heart, a true friend to all
Stay confident Ella, and keep playing football!

She makes a better Mrs P than I do, I can honestly say
Abby you brighten up the classroom, each and every day
Her handwriting is beautiful and so is her smile
Erin, are you sure you don't want to stay on as Head Girl for a while?

With an abundance of jobs in the school- she's in demand
Freya, it's been an honour to watch you grow and I hope you understand
You have the power to do anything you dream
I've got no doubt, you'll go on to lead a team.

Now there's one kid left who I need to thank
For getting my movie references while the rest stay blank
Danny, it's been a true honour and an absolute pleasure
To have my sarcasm matched, you're an absolute treasure.

It only feels like yesterday you all walked into year six
Unsure and in awe, all stood in your cliques
I cannot believe just how mature you all are
Except of course when you hear someone fart

All joking aside, which we know isn't like me
We are so proud of the people you're growing up to be
You truly do all hold a special place in my heart
And promise me please, some of you... you really do need to give up art.

Keep shining out and just being you
Because you will all go so far in all that you do.
